

I urge the FCC to respond at once to the illegal use of our free and public airways by Pappas Communications company. I believe that we are protected, under the law, from such partisan behavior as they are exhibiting in "donating" over 300,000 dollaRS OF the public's airways time to the GOP, without making a corresponding contribution to the pther side. This misuse of media is frightening and in a Democracy, cannot go unpunished by the FCC. I urge you to take immediate action. Sincerely,
Elaine Attias
